Experience

Graduate Employee

2014 - Present

University of Oregon, Eugene, OR

- Teaching Fellow, various roles, including the Lab Instructor for Graduate Statistics and a facilitator for our R Bootcamp for incoming graduate students. Teaching responsibilities include explaining advanced topics in statistics and statistical programming to students with different levels of expertise.
- Graduate Research Fellow on two nationally-funded (NIH & NSF) grants for studying mental health, personality, and reputation in Online Social Networks. Combines experimental, survey-based, and data scientific approaches to better understand what we can learn about people from digital records of their online behavior.

Graduate Research assistant

2012 - 2014

Wake Forest Univeristy, Winston-Salem, NC

 Responsibilities included experience cleaning and analyzing data, designing research materials, and communicating findings.
